EXPERTISE

Major and complex PD & BI and CAR losses	Policy coverage analysis & wording review
Claim preparation and settlement	Recovery of uninsured losses
Quantum assessment and presentation	Major loss scenario planning

EXPERIENCE

Nick is a chartered loss adjuster with 27 years experience of settling large commercial property, stock, construction and business interruption claims. Working on behalf of multinational policyholder clients, he has settled a diverse range of major and complex losses across a variety of industry sectors with particular experience in Construction, Engineering, Real Estate, Retail, Utilities, Manufacturing, Ports & Terminals, Leisure and Public Authorities in the UK and overseas.

Managing all aspects of the claim process including advice on policy coverage, claim presentation and quantification of loss, Nick provides strategic and hands on claims expertise and support throughout the life of a claim including reporting to and debriefing of personnel at all levels of the Insured business.

Key claims projects up to GBP 150m include preparation, presentation and resolution of large PD/BI claims for:

- UK & Overseas Telecommunications Companies (incl. Nat Cat events).
- UK based Construction, Power and Utility Companies.
- Overseas fire and Nat Cat losses for UK based multinationals.
- Fire destroyed food manufacturing facility in France; reinstated in Germany (PD & BI)
- Explosion damage to 132kV/400kV substation during expansion works (CAR & PI)
- Explosion at European petrochemical site (PD & BI)
- Fire in consumer goods manufacturing facility in Indonesia (PD & BI)
- Contractor Bond claim for SPV following main contractor default on large PPP project
- Freeze damage to contract works across various PPP project sites (CAR)
- Damage to offshore pipelines in UK during installation (CAR)
- Contingent BI claims for international hotel group following Japanese earthquake, Thailand flooding and political disruption in Hong Kong events.
- Losses flowing from cancellation of SE Asian ship building contracts (LOP)
- Fire destroyed retro-fit FGD unit under construction (CAR)
- Various UK and overseas retail, container port & manufacturing PD/BI claims
